STEP 3: HYDRATE the MANE & TAIL

Mix 1TBSP Orange PEK & 1 TBSP Banana conditioner with 1-1/2 quart water and whisk vigorously. Apply to the mane & tail and let sit for 5 minutes. Rinse well.

Finish or Show

H270: lightly over spray and brush in. Leaves a shine to mane, tail, and coat. Makes the mane and tail much easier to comb out or braid.

Caviar Luminance: lightly over spray and brush in. Leaves a shine to mane, tail, and coat. Excellent for catching the light.
