

Luxury Bathing Instructions using Black Passion with Argan Oil.

IV SAN BERNARD^{usa}
HEALTH is BEAUTY

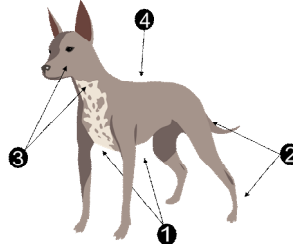

There is no comparison to the luxurious smell and creaminess of the Black Passion Shampoo and Mask because it contains the essential additive of Argan oil. Black Passion suitable for any type of coat. Contains Argan Oil and extracts of Seaweed. It cleans gently, nourishes and strengthens hair, protecting it against free radicals and ageing. It leaves the coat soft as silk and smelling like natural Argan.

STEP 01: SHAMPOO

In a mixing bowl whisk 1 part shampoo with 3 parts water.

Amount varies by size of pet.

Apply the shampoo in the direction the hair grows: 1. belly & chest 2. legs and feet 3. neck & face 4. back. Let soak for 5 full minutes. This cleans the areas under the pet in the sebaceous zones where most toxins enter the skin.

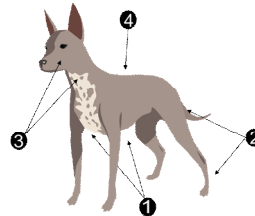

Rinse well until the water runs clear in the order you bathed. Do one final rinse between the toes and foot pads for optimal results

STEP 02: HYDRATING MASK

In a mixing bowl whisk 1 part conditioner with 3 parts water. Amount varies by size of pet. Skin supplements (if needed) should be added at this stage-see below.

Apply the mask. 1. belly & chest 2. legs and feet 3. neck & face 4. back. Let soak for 5 full minutes. This will add the oils and sebum back into the sebaceous areas to help protect areas where toxins enter the pet's system.

Rinse well until the water runs clear in the order you bathed. Do one final rinse between the toes and foot pads for optimal results

Ask us about
BLACK PASSION Lupin Perfume
with argan oil!

The heady scent of Black Passion Lupin perfume is the most unique smell of all pet perfumes and colognes. The scent is derived from Argan Oil, one of the most precious oils in the world and there is no alcohol added.

SUPPLEMENTS

During Step 02: Hydration Mask you may add supplements to treat specific problems or to add nourishment.

PEK

Collagen based product that helps hold hydration and aids in de-tangling.

Whisk in 1-2 pumps to Step 02.

ARGAN OIL

Anti-oxidant, nourishing food that feeds the skin. Absorbs quickly.

Add 3-6 drops to Step 02.

SIL PLUS

Natural silicone. Pump 1-2 drops into your hand and apply to skin lightly to seal in supplements & hydration. This is after the pet is dry.
