

# Therapy Pack Instructions

This therapy is for pets that suffer from the following issues: crusts, sores, hair loss, redness, irritation, infections (bacterial and/or fungal), itching, lumps or bumps, hot spots.

**PHASE 1:** To treat the skin during the initial stage where infection is present. Treat once per week until skin has recovered—no more crust, sores, oozing.

**DETOX**

Apply Purifying Mask to thickened skin or sore areas. Wrap pet in towel for 10-15

**CLEANSING**

+

In a mixing bowl whisk together Zolfo Plus Shampoo and Mineral Plus Crème Shampoo dilute with 3 parts water. Leave on for 5 min. Rinse until water runs clear.

**HYDRATION**

In a mixing bowl whisk 1 part pH Balance Conditioner with 3 parts water. Leave on for 5 mins. Rinse until water runs clear. Supplements can be added at this stage.

**PHASE 2:** To quiet the skin and regrow the hair. No infection is present. Treat once per week until hair has grown back.

**CLEANSING**

In a mixing bowl whisk 1 part Mineral H shampoo with 3 parts water. Leave on for 5 min. Rinse until water runs clear.

**HYDRATION**

In a mixing bowl whisk 1 part pH Balance Conditioner with 3 parts water. Leave on for 5 mins. Rinse until water runs clear. Supplements can be added at this stage.

**MAINTENANCE:** Once the hair has grown back and there are no obvious skin or hair issues. Bathe every 3-4 weeks.

**CLEANSING**

In a mixing bowl whisk 1 part coat appropriate shampoo with 3 parts water. Apply to pet per bathing instructions on reverse. Leave on for 5 min. Rinse until water runs clear.

**HYDRATION**

In a mixing bowl whisk 1 part appropriate conditioner with 3 parts water. Leave on for 5 mins. Rinse until water runs clear. Supplements can be added at this stage but are not necessarily needed.
