*Looking to add a beautiful shine to your Basset Hound's coat or get that extra bit of deshedding? Try these additional products!*

**Orange PEK Conditioner** – Add this in with your conditioner to get that extra slip and remove excess undercoat. For even better deshedding results or to help remove excess grease from a coat, pair this with our Close – Open – Close technique!

**Ear Cleaner / Triple Oil** – To help maintain healthy ears use our Ear Cleaner to gently clean the exterior of the ear canal and if your Basset suffers from chronic ear problems lightly mist the exterior of the ear canal with our Triple Oil spray and allow it to work its way into the ear canal to help protect the sensitive ear canal and benefit from its anti-inflammatory, anti-bacterial, and anti-fungal properties and help regulate sebum production.

**Black Passion Argan Oil** – A few drops go a long way in polishing your Basset's coat with this nourishing argan oil. It will hydrate the coat and nourish the skin. Pair with a good brushing with a boar bristle brush and you won't believe the shine!

**WHY CONDITION?** Conditioning is a crucial part of bathing for ALL dogs. Shampoo, no matter how gentle, is designed to strip the skin and coat of dirt and grime, as well as the natural oils that protect the skin and coat. This makes replacing that protection a necessity. The conditioners recommended here are designed specifically for your dog's coat type to give them everything their skin and coat needs without weighing the coat down or affecting its natural texture.
