

Cairn Terrier Bathing Instructions

Cairn Terriers are a medium coated breed. Medium coated dogs require extra nutrients and minerals for a healthy skin and coat. These products will nourish your Cairn's skin and coat and make it shine while leaving the texture of the coat intact. With regular bathing you will experience less matting and breakage and easier brush outs!

Iv San Bernard Product Recommendations

Basic Bath	Spa Bath	Luxury Bath
Traditional Line Banana	Fruit of the Groomer Line Pink Grapefruit	Luxury Line Mineral H Shampoo/ pH Balance Conditioner

For best results, follow the Iv San Bernard bathing instructions sheet. Products should be diluted 1 part product to 3 parts water and allowed to sit on the dog for a full 5 mins before rinsing.

Looking to add a beautiful shine to your Cairn's coat or get that extra bit of texture in the coat? Try these additional products!

Orange PEK Conditioner – Add this in with your conditioner to help strengthen your dog's coat to prevent breakage. You can also mix with water to create a great hydrating spray for preventing breakage and matting between baths.

Relax Tabs – These effervescent tablets are rich in nutrients that your dog's coat craves. Dissolve a quarter of a tablet into a cup of warm water and pour over your dog after the bathing process and dry into the coat to restore amazing texture while nourishing the coat, leaving behind no residue and a fresh scent.

Black Passion Argan Oil – A few drops go a long way in polishing your Cairn's coat with this nourishing argan oil. It will hydrate the coat and nourish the skin. Pair with a good brushing with a boar bristle brush and you won't believe the shine!

WHY CONDITION? Conditioning is a crucial part of bathing for ALL dogs. Shampoo, no matter how gentle, is designed to strip the skin and coat of dirt and grime, as well as the natural oils that protect the skin and coat. This makes replacing that protection a necessity. The conditioners recommended here are designed specifically for your dog's coat type to give them everything their skin and coat needs without weighing the coat down or effecting its natural texture.
