

Hydration and Wonder Butter

Wonder Butter Recipe

This versatile mixture of emollients can be used for dry noses, cracked pads and elbows, cream for nursing mothers and as a general cream for dry skin. It is safe for the pet to lick it and is 96% biodegradable.

8 tsp. **PEK Conditioner** (*any of the PEKs below can be used*)
8 tsp. **K101 Conditioner**
8 tsp. **Ginkgo Oil**
4 tsp. **Ozonized Olive Oil**
2 tsp. **Argan Oil**

Mix together until well mixed in a large Ziploc baggie, cut small corner and squirt into clean container or jar.

PEK Detangling & Hydration Solutions

PEK comes in several types. Original PEK and Fruit of the Groomer PEKs. Black Cherry, Pink Grapefruit, Orange, Mint, Ginger/Elderberry and Passion Fruit. PEK conditioners are the most amazing de-tangling conditioners. Created with pure vegetable collagen it is safe and effective in several applications. While you may use PEK straight on the hair and mixed into the conditioning step of the bathing process, you can also dilute, heat and mix PEK to get serious de-tangling powers!!

Create a Hydration Spray! Hydration spray, de-tangler, additive for extra hydration in the conditioner stage of the bath process.

Directions: Mix 1/2 cup Pek and enough hot water to equal 32oz is a good solution that can be used as a spray to preserve hair while brushing, hydrating finish spray and a spray used on a damp coat before fluffing. It is best to measure PEK and water into a large plastic bowl and froth together before putting it into the sprayer container. This will discourage separation of product and water.

USE PURE! PEK can be used pure by pushing the product with a small amount of water directly into the mats or tangles. Let sit for 10 to 30 minutes. This allows the PEK to "fill" the open places in the hair shaft and let the tangles be combed out more easily. You may also dilute PEK with water to make a hydration spray. This spray can be used before, during and after... all stages of grooming.
