Facial and Body Masks using Iv San Bernard Fruit of the Groomer PEKS and Ginkgo Oil.

Tools: You will need a nylon mixing bowl and nylon whisk

- For Facial. Mix enough for 1 pet at a time. Choose your flavor orange, black cherry, mint, pink grapefruit, passion fruit or ginger/elderberry. Small Faces: Mix 1 TBLS of PEK with ½ tsp of Ginkgo Oil in bowl. Before the bath, apply to wet face avoiding eyes. Can use on ear flaps but do not put into the ears. Leave or 5 minutes. Rinse, proceed with bath. For larger faces use more product as needed.
- Full Body wrap for small dogs: Mix ½ cup of PEK with 1 TBLS of Ginkgo Oil in bowl. Before the bath, apply to wet face and body. Apply by hand going with the grain of the hair in a massaging fashion. Let soak for 5 minutes to draw out toxins. For longer detox you can wrap the pet in Iv San Bernard Atami wrap material and place pet to relax for 15-20 min. For larger of hairier pets use more product as needed.

Mineral Foot Soak using Iv San Bernard Relax tablets

Tools: You will need a flat bottom plastic bowl that can hold at least 2 quarts of water. (half gallon)

- Large dogs: Before bath, place 1 relax tablet into bowl with 2 quarts of water. Once dissolved, place pet's foot in bowl for 2-3 min. Repeat for each foot. Once finished proceed with bathing.
- For small-medium dogs you may use ½ Relax Tablet to 1 quart of water. For tiny dogs you can use ¼ tablet to ½ quart of water.

Oils Therapy using Iv San Bernard Ginkgo Oil, Ozonized Olive Oil, Oligo Elements Oil and PEK Collagen.

Tools: nylon bowl and nylon whisk

- During the conditioning step, add appropriate amount of conditioner to bowl with ½ tsp of Ginkgo Oil, ½ tsp of Ozonized Olive Oil, ½tsp Oligo Elements Oil and ½ tsp of PEK collagen. Mix with conditioner and apply to coat. Let soak for 5-10 minutes and rinse. For large dogs or longer coats use more conditioner and oils as needed.
